Mofaz: Netanyahu Caved In to Hamas

Kadima chairman MK Shaul Mofaz on Monday criticized Prime Minister Binyamin Netanyahu over his conduct during this past summer's Operation Protective Edge in Gaza.

"I do not remember a prime minister who caved in like this to terrorism, after 51 days of war with a number of deaths and with no achievements made," Mofaz told his audience at the Kinneret College, adding that last weekend's rocket

attack on southern Israel is "a clear sign that we are headed toward another round of fighting. ...

"I'm losing sleep over this."
