

Indian Delegations to Israel

The Israeli Experience -

- > Agritech
- > Watertech
- > Food-tech
- > Innovation

Discover the secret behind how Israel has overcome challenges in agriculture and water through innovation, technology and the application of R&D..

A unique learning experience at Kinneret Academic College.

Delegations experience in Israel- an immersive experience that showcases the countries highlights alongside the thriving Israeli agricultural ecosystem through hands-on experiences and tours that span across the entire country. They learn about diverse farming methods and innovative technologies as well as engage with experts in the field of agritech, watertech and food-tech.

Delegations arrive throughout the year and the college has crafted a distinctive and tailored experience specifically designed to catered to the needs of the Indian market.

A window into the Israeli experience at Kinneret Academic College

About Us

Kinneret Academic College has been a driving force for more than 50 years, transforming lives through its commitment to excellence in Higher Education. Our institution is a leader in agricultural studies, training, research and development. Here with us, you will experience a variety of activities and organizations who combine their knowledge and expertise to form an agriculture knowledge hub. Located on the southern shores of the Sea of Galilee, today students study in a wide range of academic programs, including B.A., M.A., B.Sc., and M.Sc. degrees in the Faculty of Social Sciences and Humanities and the Faculty of Engineering.
